

# ERGOTRON®

## WorkFit-LX, Sit-Stand Desk Mount System

### Highlights

- Easily extend or retract the arms for precise control of the distance between the keyboard and screen
- Modular design allows you to configure the system to suit your specific requirements
- Compact footprint—fits in tight spaces including corner desks!
- Focal distance is easily changed, making it well suited for use with larger monitors
- Cable management features route cables under the arms, out of the way
- Stable data-entry platform\*
- Patented Constant Force™ motion technology provides premium ease-of-use display adjustment
- Durable polished aluminum and steel construction
- Proven LX technology: passes Ergotron's 10,000-cycle motion test

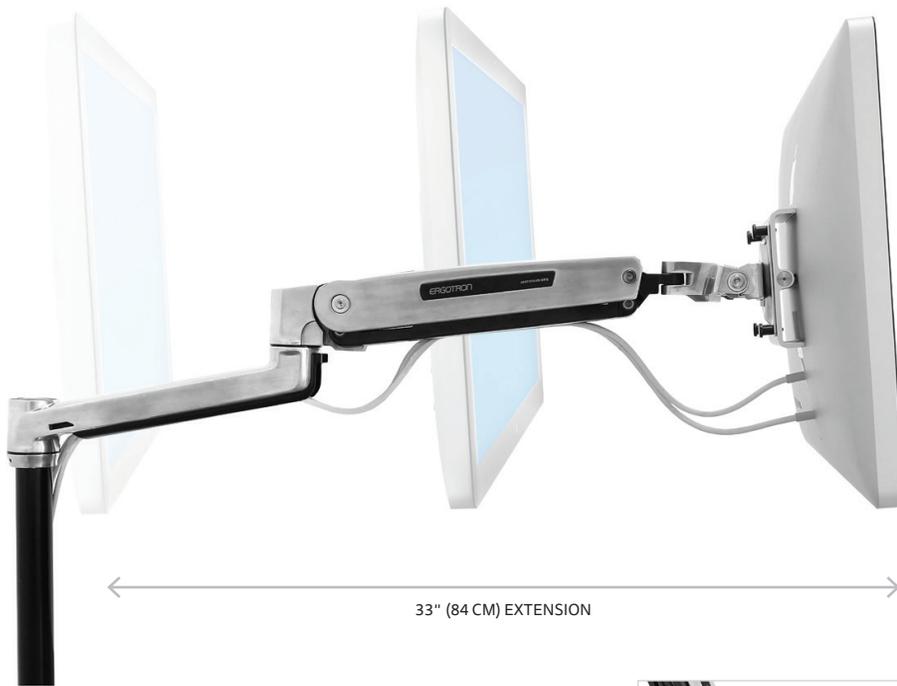

*\*Stability of monitor arm is dependent on stability of desk or table to which system is attached; any bounce in desk or table surface will be transferred to arm*

The modular and flexible design of the WorkFit-LX fits most any space while enabling personalized ergonomic positioning. This stand-up desk system enables complete control of focal distance and the position of the keyboard relative to the monitor screen.

The LX offers unparalleled range of motion, easily accommodating a user's sitting or standing posture. Features include 20 inches (51 cm) of height adjustment and 62 inches (157 cm) of side-to-side movement.

Sit Stand  
Desk Mount System**

- Includes monitor arm, keyboard arm, two extensions, keyboard tray, slide-out mouse tray, desk clamp base, grommet-mount base, 48 cm pole, two pole collars, VESA brackets, wrist rest
- Quality tested: 10,000-cycle test applied to lift mechanism, ensuring years of trouble-free height adjustment
- When keyboard is in down position, tray features a back-tilt of 5°; folds upright 90° in storage position
- Keyboard tray dimensions = 18.3" x 8.9" (46 x 23 cm); mouse tray dimensions = 8" x 8" (20 x 20 cm)
- Mouse tray slides out to either left or right side, depending on user preference
- Locking connections between arm, extension and base offer increased theft deterrence and prevent potential disconnections caused by jarring or impacts
- Computer systems mounted on this product may require extra long USB, power or video cables in order to span between standing and sitting heights
