

Cyklop-USA

Industrial Tape Dispensers

- [Home](#)
- [Distributors](#)

Cyklop C25 was redesigned in 2016 and is now the [Lapomatic](#).

[Electronic Gummed Tape Dispenser](#)

With the C-25 you make the right choice no matter whether you have batches of identical boxes or whether your box dimensions are constantly changing. The highly compact dispenser takes all standard water activated gummed tape in widths from 1-1/2" up to 4", reinforced or unreinforced.

Designed for continuous use, extremely reliable, and user-friendly. Parts susceptible to corrosion are painted or galvanized.

- Motor, Top Heater and Control Circuits: 24 Volts DC
- Waterproof 'Soft Touch' Keyboard
- Cuts Kraft Paper and Kraft Reinforced Gummed Paper Tape

- 22 pre-set measures from 4" to 44" with a +2" key
- Two Pushbutton Keys to memorize lengths for "H" box sealing.

Cyklop makes the quietest machine on the market. Normal conversation is now possible next to the machine. All steel side frames, solid electronics, a good moistening delivery system, large water bottle are a few of the advantages. Heater standard to help reactivate the hardened dried glues.
