

Kick & Click[™] Data sheet

Kick & Click™

The Kick & Click™ system is the smart and intuitive solution for mounting DESKLIFT™ columns to the tabletop. The solution is perfect for various office desks. The unique feature of Kick & Click is the way of mounting. Click the system together without using tools and screws, simply clever. Kick & Click is a modular concept compatible with all DESKLINE® columns with motor housing leaving the design to the desk manufacturer. Kick & Click comes standard in 3 versions: Kick & Click™ Adjustable, Kick & Click™ Fixed and Kick & Click™ Base. Additionally, Kick & Click™ can be used for creating large three-legged office desks by joining a Kick & Click 3rd leg kit with a Kick & Click system.

Features for all versions:

- Colours (all metal parts): Black (RAL 9005), grey (RAL 9006) or white (RAL 9016)
- Cantilever length: 550 mm
- Oval holes ensure flexibility as regards predrilling holes in tabletop
- Central or off-centre placement of columns (T-desk and C-desk)

Kick & Click™ fixed:

- Fits desks of 1200 mm (frame width 1140 mm)
- Set-packed or bulk deliveries
- Optional to order screws for mounting the tabletop

Kick & Click™ Adjustable:

- Fits desks from 1400 to 2000 mm (frame width 1340 to 1940 mm)
- Set-packed or bulk deliveries
- Optional to order screws for mounting the tabletop

Kick & Click™ Base:

- Base consists of Cantilever (x2), Base (x2), Clamp (x2) and Kick Lock (x2) for a two-legged desk
- Bulk deliveries only

Options

- 3rd leg kit for large desks

Usage:

- DESKLINE® systems based on columns (standard or IC) with motor housing: DL5, DL6, DL8, DL9, DL10, DL11, DL15, DL16 or DL19
- Can be used for either T-desk (central placement of legs) or C-desk (off-centre placement of legs)
- Kick & Click™ Adjustable is approved in accordance with EN527-1 and EN527-2 for tables from 1.4 m to 2.0 m.
- Kick & Click™ is approved according to ANSI Bifma X5.5 up to 1.8 m table length
- If a complete desk frame is required, use Kick & Click™ together with DESKLIFT™ Feet and a DL SetPack solution

Dimensions

Kick & Click™ Adjustable

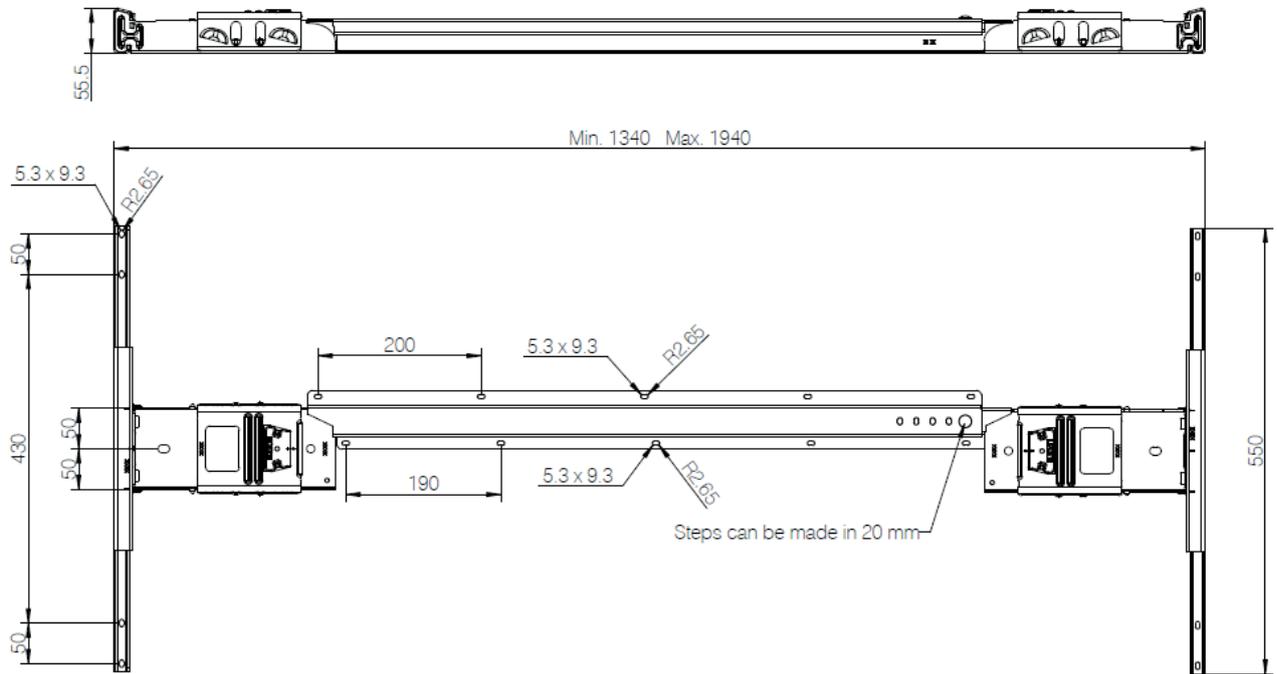

Figure 1 Kick & Click Adjustable dimensions in mm

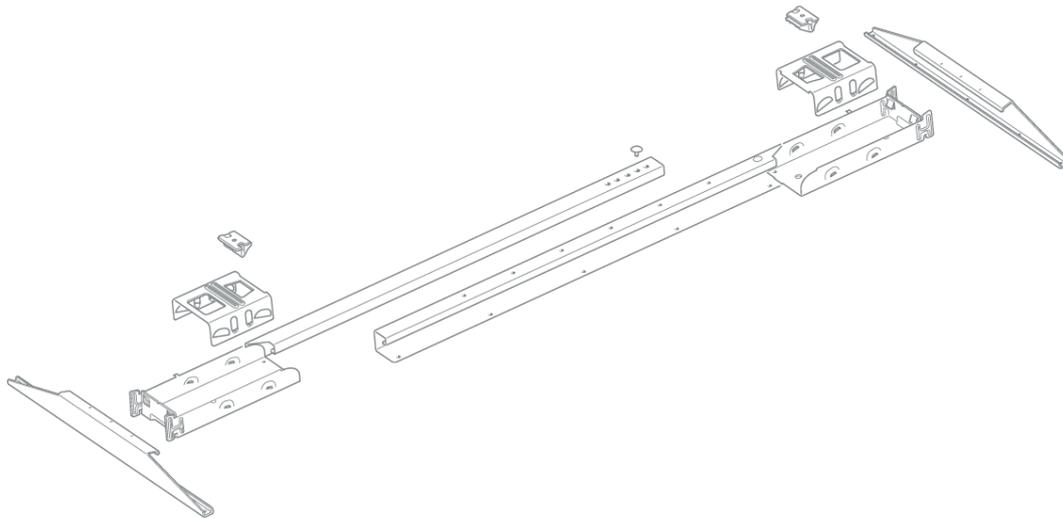

Figure 2 Kick & Click Adjustable exploded view

The Kick & Click Adjustable system includes a telescopic inner and outer rail each with the base welded onto it.

Kick & Click™ Fixed

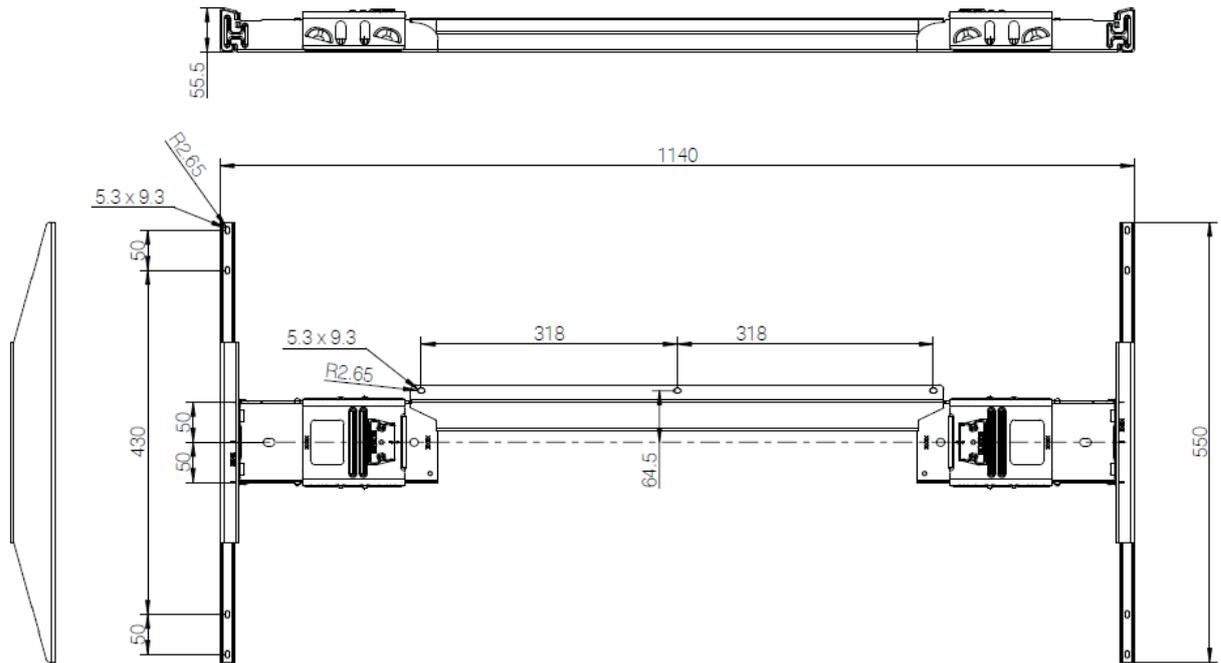

Figure 3 Kick & Click Fixed dimensions in mm

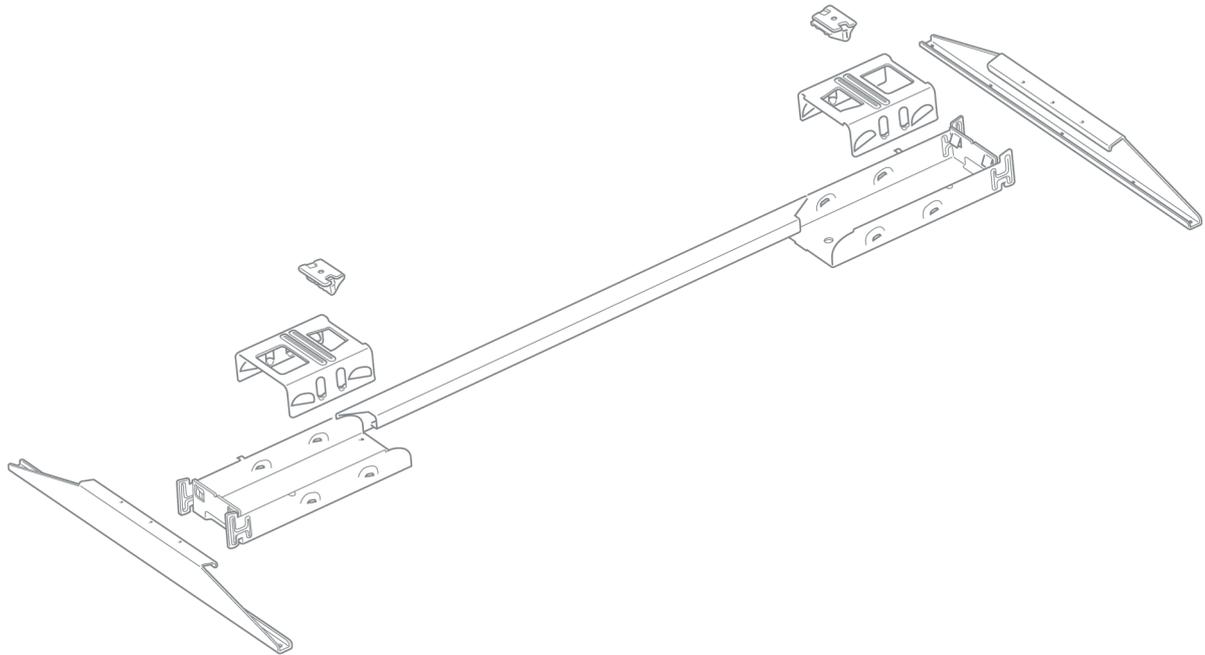

Figure 4 Kick & Click Fixed exploded view

Compared to the Kick & Click Adjustable system the Kick & Click Fixed system only consists of one rail with the base welded onto it in both ends.

Kick & Click™ Base:

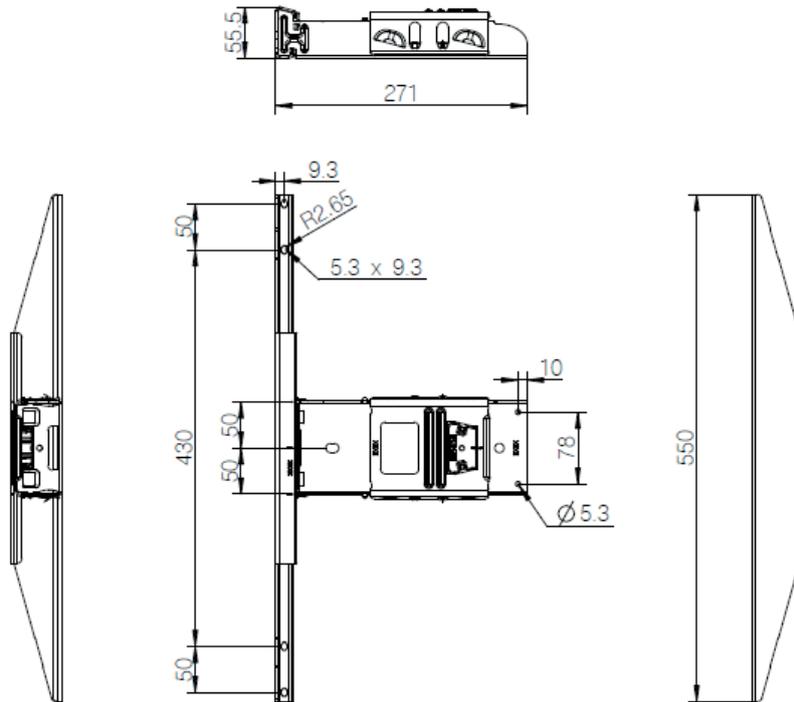

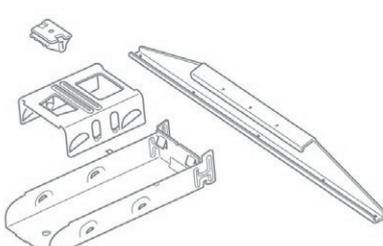

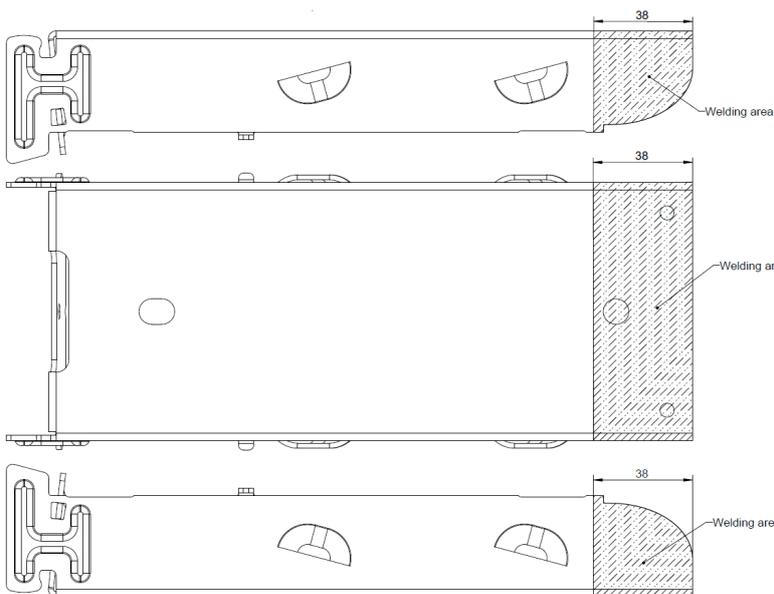

Figure 5 Kick & Click Base dimensions in mm

The Kick & Click Base system is without the inner and the outer rail. The system is preferred if the OEM want to weld his own rail on the Base, or if the desk design does not need a rail e.g. due to tabletop thickness. The Kick & Click Base system can also be used for a three-legged desk.

Parts delivered	Allowed welding areas (shaded)
	

The Kick & Click Base must only be used in connection with a Kick & Click cantilever.
Do not develop your own cantilever!
